

**ADDENDUM A**  
(Effective July 1, 2019)

Pursuant to the terms and conditions of your UPS Approved Wine Shipping Agreement, this Addendum A and at [ups.com/wine](http://ups.com/wine), UPS permits only the types of wine shipments described below to the states and U.S. territories as indicated below, but only where permitted by applicable federal, state and local laws and only when the shipper complies with all applicable federal, state and local laws, regulations and requirements. This Addendum A does not provide any form of legal advice to the shipper; it sets forth only the states to which UPS will transport wine when such transportation is allowed by law. ***The shipper is solely responsible for ensuring that any shipment tendered to UPS is fully in compliance with all applicable legal requirements.***

**Winery On-Site Purchase Shipments:** Shipments of wine from licensed wineries may be shipped to consumers in states and U.S. territories with “Yes” in the column labeled “**Winery On-Site Purchase Shipment**”, provided the following conditions are satisfied:\*

- (a) the wine was purchased on the physical location of the winery (not, e.g., via phone or the internet);
- (b) the winery verified the legal age of the purchaser;
- (c) the wine is for personal use only and not for resale; and
- (e) the purchaser is the consignee.

**Winery Direct Shipment:** Wine purchased from licensed wineries may be shipped to consumers in states and U.S. territories with “Yes” in the column labeled “**Winery Direct Shipment**”<sup>\*</sup> regardless of whether the purchase was made on-site;

**Wine Retailer Shipment to Consumers:** Shipments of wine from licensed wine retailers may be shipped to consumers in states and U.S. territories with “Yes” in the column labeled “**Wine Retailer Shipment.**”<sup>\*</sup>

**Licensed to Licensed:** Shipments of wine from licensed shippers to licensed consignees may be shipped to and from all states and U.S. Territories, subject to applicable law.<sup>\*</sup>

**\*IMPORTANT NOTE:** Shippers are responsible for ensuring that all shipments of wine comply with all applicable federal, state and local laws, regulations and requirements, including quantity limitations, reporting requirements, limits on frequency of shipments, and permitting and/or taxation requirements. Most destination states require permits or licenses from the destination state for wine shipments to consumers. Shippers must ensure that they do not ship to dry areas in any state that may otherwise allow wine shipments (which will be reflected as “Yes” in the chart below), including to dry areas in Alaska, Connecticut, Florida, New Hampshire, Vermont and West Virginia. Shippers are also responsible for compliance with any “reciprocity” requirements, including those that may be in effect in California, Idaho, New Mexico and New York.
